Abuse me, confuse me
I'm beggin' for a kind of release
Adultery and the misery
They're not the kind of things you can police

Sinking to an all-time low
I'm drowning with a smack in the face
A torture with a slow decay
The devil's wearing leather and lace

Why did all the lovin' turn to anger
How did everything just fade away

Fade away, get off your ass
It's time to get some fuckin' class
Well, everybody fucks up
But enough's enough

Depression, the obsession
I'm trying not to get out of bed
Bullet proof, the invincible
Can someone tell me whether I'm dead

I'm like a zombie, like a vegetable
Just withering away in the ground
I took a deep screw from a thin wrench
Pain queen, you look good in your crown

Why did all the lovin' turn to anger
How did everything just fade away
Fade away

Fade away, get off your ass
It's time to get some fuckin' class
Well, everybody fucks up
But enough's enough

Get off your ass
It's time to get some fuckin' class
Well, everybody fucks up
But enough's enough

Charging like a battering ram
Nobody's ever gettin' in my way
I'll do you like a beast from hell
And then we'll see what you say

Well, you can rip me, you can tear me
So go ahead and say what you must
'Cause you're a liar, you're a bad child
Farewell and you can live in my dust

Get off your ass
It's time to get some fuckin' class
Well, everybody fucks up
But enough's enough

Get off your ass
It's time to get some class
Well, everybody fucks up
But enough's enough
Enough's enough
