You tried so hard to break me
To make me bend
But I have stood the test of time

Well, I've had a taste of glory
And I've seen the hell below
It's time for me to take what's mine

Target acquired
We open fire
This operation
Annihilation

So many come and go
They're changing like the wind
A product from a factory

Well, I've only got one mission
And I will stand my ground
Something called integrity

Target acquired
We open fire
This operation
Annihilation

Target acquired
We open fire
This operation
Annihilation

Well, this is a retribution
And this is my revenge
This is a resolution
Committed till the end
Till the end

I say, till the end
Wait till the end

Well, I stand here in my silence
Content, my soul at rest

This is what I do it for, yeah

But to the leeches
The liars and the thieves
Just know I always win the war, yeah

Target acquired
We open fire
This operation
Annihilation

Target acquired
We open fire
This operation
Annihilation

Fire, fire
