"Snake in The Grass"

Visit "[Snake in The Grass](#)" on MotoLyrics.com

You were the world to me
I thought that I would always be there for you
I was too blind to see
I would've climbed the highest mountain for you

You gave me something to hope for
You made me feel like new
But tonight it's over and we're through
And we're through

I guess you've taken me for granted
You've filled my world full of lies
I want to know, give me some answers
But you can't even look me in the eyes

Well, I've taken all the shit that I will take from you
And I've only just begun to see the light

You're just a big disgrace
Turn around and get out of my face
You've got no fuckin' class
Reptile, you're a snake in the grass

All the times we had together
Were they real or just a fantasy?
So tell me why I wasn't good enough for you
Just maybe you're not good enough for me

Well, I've taken all the shit that I will take from you
And I've only just begun to see the light
You've been running around, having fun with anyone
I don't believe you have the right

You're just a big disgrace
Turn around and get out of my face
You've got no fuckin' class
Reptile, you're a snake in the grass

You're just a big disgrace
Turn around and get out of my face
You've got no fuckin' class
Reptile, you're a snake in the grass

Why, tell me why you're crying
You've brought this on yourself
Lie, tell me why you're lying
It's time to put you on your shelf, get it
Alright

Looks like I've taken you for granted
And I've seen right through your disguise
Tomorrow's gonna to be a better day for me
You can find someone else to victimize

Well, I've taken all the shit that I will take from you
And I've only just begun to see the light
You've been running around, having fun with anyone
I don't believe you have the right

You're just a big disgrace
Turn around and get out of my face
You've got no fuckin' class
Reptile, you're a snake in the grass

You're just a big disgrace
Turn around and get out of my face
You've got no fuckin' class
Reptile, snake in the grass
Snake in the grass, yeah
