Why can't you see what I am going through?  
Why are you screaming at me?  
What are you talking about?  
I can't hear you and I can't understand when you shout  
Why can't you see what you have put me through?  
NO! Why are you screaming at me?  
What are you talking about?  
I can't hear you and I can't understand when you shout

There's Something Witchy about you  
What it is, I can't explain  
Maybe it's your blackened eyes  
Or maybe you're insane

I cannot take your mood swings anymore  
You're so abusive  
You make me miserable  
Throwing things and now it's getting critical  
I've had enough, I'm heading for the door  
You're so abusive  
You make me miserable  
Throwing things and now it's getting critical

There's Something Witchy about you  
What it is, I can't explain  
Maybe it's your blackened eyes  
Or maybe you're insane  
There's Something Witchy about you  
What it is, I can't explain  
Maybe it's your blackened eyes  
Or maybe you're insane

(Gone gone gone...)So sick and tired  
(Gone gone gone...)This ain't a home  
(Gone gone gone...)Just one desire  
(Gone gone gone...)Just leave me alone

I can't believe that I was gonna stay  
It's a hell  
You're really gonna need it  
So good luck I really do mean it  
So glad I moved a million miles away

It's a hell  
You're really gonna need it  
So good luck I really do mean it

There's Something Witchy about you  
What it is, I can't explain  
Maybe it's your blackened eyes  
Or maybe you're insane  
There's Something Witchy about you  
What it is, I can't explain  
Maybe it's your blackened eyes  
Or maybe you're insane
