(Jeff Waters)

I'm on a mission, I'm gonna' break the speed of sound
my pulse is racing, I'm gonna have to hunt you down
acceleration gotta', gotta go faster

give me more speed

they say I'm crazy I'm crazy and I'm headed for
disaster

give me more speed

No competition, left in my dust - they'll never learn
this is my rockt, my aviation fule is set to burn
acceleration gotta', gotta go faster

give me more speed

they say I'm crazy I'm crazy and I'm headed for
disaster

give me more speed

You wanna rock and roll at a million miles an hour
jest put your foot to the floor, c'mon and feel the power
I know exactly what I'm after

I know exactly what I need

I need the speed

I'm on a mission, I'm gonna' break the speed of sound
my pulse is racing, I'm gonna have to trace you down
acceleration gotta', gotta go faster

give me more speed

they say I'm crazy I'm crazy and I'm headed for
disaster

give me more speed
