You are the one but so far away
To be with you, there's no other way
You kiss and you touch so perfectly
I need to hold you close to me

I want you and I need you
Like no one else before
Right here and right now
I can't take this anymore

I wanna be yours forever, a king for a queen
But not in a story, not in a dream

I try to put myself to sleep but I miss the one I love
I miss the one I love
I think I got myself in deep with an angel from above
You're the one I love

I wanna be yours forever, a king for a queen
But not in a story, not in a dream

I try to put myself to sleep but I miss the one I love
I miss the one I love
I think I got myself in deep with an angel from above
With an angel from above

You're the one I love
You're the one I love
You're the one I love
You're the one I love
