How do rumors get started?
They are started by the iealous people

And they get mad seeing something they had
and somebody else is holding.
They tell me that temptation is very hard to resist

But these wicked women oh
they iust persist.
Now maybe they think it's cute
but girl
I'm not impressed

I'll tell you one time only with my business

please don't mess.

Look at all these rumors that surrounding me everyday

I iust need some time
some time to get away from
From all these rumors
I can't take it no more.
My best friend said there is one out now about me
and the girl next door!

Did you hear the one about Tina? Some say she's much
too loose.
That came straight from a guy who claims he's tasted
her juice.
Did you hear the one about Michael? Some say he must
be gay.
I tried to argue

but they said if he was straight he wouldn't move that
way.

Did you hear that one about Susan? Some say she's
iust a tease.
In her camisole she's six feet tall

she'd knock you to your knees.

...

I can't go no place without someone pointing a finger

I can't show my face 'cause
when it comes to rumors I'm a dead ringer.
It seems from rumors I iust can't get away

I bet there will even be rumors floatin'
around on judgement day.
I think I'll write my congressman and tell him to pass a
bill

So the next time they catch somebody startin'
rumors shoot to kill.

What's mine is mine
I ain't got time for rumors in my life

I'm a man who thinks not a man who drinks

so please let me live my life.

What's mine is mine

I ain't got time for rumors in my life
