bleed .getting  
in trouble with them laws checking my profile it  
subscribes an outlaw  
I romote to the scene like a heated barbarian gather up  
my payments at the same time a drug thief stocking up  
my records tributing it towards the hood without it I be  
a failure up to no good. Mobiles and pagers specialis a  
demonstaters and tourched with unexpected envy now  
fans has hinted strikes purpose to me. Murder scenes  
plotted on my block and because i put my head out the  
jag and scream hold the world down like tupac but  
soon are erupt. younger husslers sweating when there  
girls acting up about new cloths there repeatly  
dropping to a new level concerned because there limit  
no permitt when they hear a bullet there off like sonic  
back at the crie smoke on some chronic on the system  
pumping out some onyx. In the strip club with a glass  
full of tonic strapped up with a lap dance sweeping

thugs now my fame and my roobkie card state me as  
eronic. through the pen i make my ins in the game my  
homies ask me well i clearly you ever change why  
scraping and rhymin on a page highlighting up the  
stage but i'm frightened some day i fade.
