verse 1

Light the streets up the whole system bleeps up  
g's handcuffed ballers hitting home runs.  
me and my security guard ryding shotgun in the range  
promotors telling me there a price tag on fame. all i  
wanna do is own a ice chain.  
these cats wanna still the steal the money and the style  
I display I'm causing pandamonia when i'm on the  
radio shocking air waves. you down at the record store  
well i sell out hot search for my cd then you back at the  
block. i'm a young hot prospect growing through his  
teens want a girl to press the taste of ben and jerrys.  
gotta have a dress tight in the breasts. full close view  
peeps causing choas when i'm making a video of me  
on tour explosion when i grab the mic and rip raw. you  
wanna roll with the me elect me president i make my  
street pay less resident. when i'm in the studio i never  
wanna cut ain't got time to pop a drink always seeking  
for talent on the scene.

CHORUS

Where my soilders at  
where my ladies at  
I love these streets what you think of that.  
i'm gonan ball to i fall do you get my wrath  
I'm a real live playa what you think of that.

VERSE 2

world premier scenes performing for mtv. living my  
life on a dice roll luxury homes women bowling to me  
on my thrown godfather of rap desk covered in stacks  
rappers wanted to contribute with hot prospects on the  
a -list special guest for talk show who just want me to  
completely diss. i'm a honour down at time square lone  
solder whos prepared. For the justice i've grown state  
billboards thats where i'm know to the police i'm on  
parole signing autographs thats what i been told.  
Owning the board spraying physical envy can't be  
bothered to be polite to my enemies flash the green  
shine a smile in a while but i duck in the truck through  
the streets i'm high on the fumes i have slot.
