It's been so long
I'm scared to lose your face
I miss your touch ,
the warmth of your embrace
I spend so long waitin' for a sign
I keep holdin' on to all you left behind

CHORUS

I don't know if you can hear me,
but I'm singing this song for you
And I don't know if you believe me
but it's true

I did you wrong, you've heard it all before
but understand I can't give you more
I spend so long waitin' for a sign
I keep holdin' on
to all you let behind

CHORUS X2

I spend so long waitin' for a sign

But I'm singing this song for you

Ooo ... not true what they say
No ... the memories don't fade
but it's never too late

And I don't know if you believe me
but it's true

CHORUS
