Ain't nobody comin like i'm comin
When I Come through
So get ready,i'm the I'm the real deal
And you can see what i'm sayin
Even if you standin 2 blocks away
I'm from the C-O and I won't stop
I'm only 14 makin more than ya pops
I'm sayin you-already-know what i'm about
If you don't take cover cuz the dog is out
You can either flee the scene or keep your frown
Betta yet find somethin else to do till I die down
And that ain't happenin no time soon(Why)
Cuz I keep hittin ya'll with the boom
It goes back to back
We the empire
Get out the way or get burned by the Fyah
My plans ain't juss stayin the racks
So run and tell ya friends the phenomenon's back

Chorus:

Up in here! I know you want me want me baby girl here
I am come get me
Up In here! off the chains and you know that I brought
