Bye my baby
Now there's no
one can save me
You just keep
On ascending
While I sleep
Through the ending x 5

There's a balloon
That I let go of
I'll see you soon
I miss you so long
I knew you'd write
But not this far
I searched the skies
For where are x5

Gonna play with fire then expect to lose some games
Most of all I feel this fall will land me in the flames
And if it does I wonder if it was all for nothing then
But if it was all for nothing then how could I try again
Again

A new year cries
But not this far
I search your eyes
I fall where you are
Did I do cheat
Find the answer
Love is only heat
Where your hands were
