Once upon a time and long ago
I wore a pretty dress
And you put a flower in my hair
Said I shine like gold
From what you've never known
Said I am more precious
Than anything you'd ever been told

So here's the story, here it goes
A boy falls for a girl
Yeah, that story's just the same old, same old
She wants to fall so in love
But everyone around her tells her 'no'
But she don't care because

'Cause we are one, when we're together
'Cause we belong, forever and ever
'Cause when you're here, I've never been better
And when I'm in your arms, that's where I wanna be
So there's no stopping me, oohh, oohh

She has to keep her distance
But she don't wanna listen, no
He tells her that patience is the key
But this patience is killing me

So here's the story, here it goes
I will be your princess
You'll never have to be alone
You'll be my prince charming
'Cause when I'm in your arms
I know I'm home

'Cause we are one, when we're together
'Cause we belong, forever and ever
'Cause when you're here, I've never been better

And when I'm in your arms, that's where I wanna be
And there's no stopping me, oohh, oohh

You can't stop true love
So there's no stopping us
You can't stop true love
So there's no stopping us

'Cause we are one, when we're together
'Cause we belong, forever and ever
'Cause when you're here, I've never been better
And when I'm in your arms, that's where I wanna be
And there's no stopping me, oohh, oohh
