G-C-D-G

When I'm with you, I'm bout to explode
Cause the way I feel is more than my heart can hold
I smile, and giggle round you, without even knowing
I try to hide it but, my love keeps showing

Am-Em-G-D

And I'm trying not to fall, but I have no choice
I'm falling in love
Yes, I'm trying not to fall, but it's just too late
I'm falling in love

Em-Am-G-D

Cause you complete my heart, we're a perfect harmony
And you, are my blanket of security
And you, are the music to my melody
And we, yes you + me, create the perfect, the perfect,
chemistry

G-C-D-G

With you, things are different than before
You make me feel unlike any other
Your eyes, do more than hypnotize me
They make me feel of your sincerity

Am-Em-G-D

And I'm trying not to fall, but I have no choice
I'm falling in love
Yes, I'm trying not to fall, but it's just too late
I'm falling in love

Em-Am-G-D

Cause you complete my heart, we're a perfect harmony
And you, are my blanket of security
And you, are the music to my melody
And we, yes you + me, create the perfect, the perfect,
chemistry

Am-Em-Am-Em, Am-Em-Am-D, Am- Em-G-D

& I have, wanted just one guy, to show me that they
aren't all the same

& you are, that one guy for me, I wanna feel this way
forever,
for eternity
& you have showed me love is true and no one
understands,
me better than you do

Em-Am-G-D

Cause you complete my heart, we're a perfect harmony
And you, are my blanket of security
And you, are the music to my melody
And yes, me + you create the perfect, the perfect
Cause you complete my heart, we're a perfect harmony
And you, are my blanket of security
And you, are the music to my melody
And we, yes you + me, create the perfect, the perfect,
chemistry
