(Drag me head first, fearless)
We were both young when I first saw you
I close my eyes and the flashback starts Im standing
there
(Jump then fall)
On a balcony in summers air
(Jump then fall into me)

Youre on the phone with your girlfriend shes upset
Shes going off about something that you said
She doesnt get your humor like I do
(Jump then headfirst fearless)

(You stare at the phone)
But you were Romeo
(He still hasn't called)
And my daddy said stay away from Juliet
(Can't feel nothing at all)
And I was crying on the staircase
(When he said forever and always)
And I said

Romeo
(You're the reason for the teardrops on my guitar)
(Forever and always)
I'll be waiting all thats left to do is run
(Today was a fairy tale)
You'll be the prince and I'll be the princess
(Only thing that keeps me wishing on a wishing star)
(Forever and always)
It's a love story baby

You should've said no
You should've gone home
I'm wondering if you'll ever be coming around
(Our song is the slammin' screen door)

I Should've been there
In the back of your mind
(Forever and always)
When I met you on the outskirts of town

And I said Romeo save me
(I'm not a princess, this ain't a fairy tale)
I keep waiting
(Lead me up the stairwell)
Is this in my head, I don't know what to think
He knelt to the ground and pulled out a ring and said,

Marry me Juliet
(You're the reason for the teardrops on my guitar)
(Forever and always)
Can't you see that I'm the one who understands you
(Today was a fairy tale)
Our song is the slamming screen door
You belong with me
(Jump then head first fearless)

Romeo save me
(Only thing that keeps me wishing on a wishing star)
(Forever and always)
I've been here all along so why can't you
(You should've said no)
Our song is the slamming screen door
You belong with me
(Jump then head first fearless)

Marry me Juliet
(You're the reason for the teardrops on my guitar)
(Forever and always)
Can't you see that I'm the one who understands you
(Today was a fairy tale)
Our song is the slamming screen door
You belong with me
(Jump then head first fearless)

Romeo save me
(Only thing that keeps me wishing on a wishing star)
(Forever and always)
I've been here all along so why can't you
(You should've said no)
Our song is the slamming screen door
It's a love story baby just say yes
