They say the first broken heart
Is the hardest to mend
Left alone with my own thoughts
I don't want this to end
My heart is freaking out
From what you're putting me through
I don't want to let, go - of - you

This is the break down, break down
Before I get over you
I'm gonna let it all out
What else can I do
And I can't take this, my heart's breakin
I need you right now,

They say that time will heal all,
No matter how hard it is
But I don't think I'll forget
All the times that I'll miss
I see your face, I hear your voice
In everything I do,
I don't want to stop, lovingg - you

This is the break down, break down
Before I get over you
I'm gonna let it all out
What else can I do
And I can't take this, cause my heart's breakin
I need you right now, this is the break down

This is, this is, this is the break down
Can we go back, can we go back somehow
This is, this is, this is the break down
What do I do, when I need - you - now...

This is the break down, break down
Before I get over you
I'm gonna let it all out
What else can I do
This is, this is, this is the break down
I need, I need, I need you right now

This is, this is, this is the break dow-ow-own
