(Chorus)

I just want to show you all
All my love, come get it, boy.
I just want to show you all
All my love, all my love.

Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of
And I think that I can't get by.
Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of,
You and me, baby, nothing better.

(Verse)

I want you to be my morning sunshine
Wake me up with the sound your radio has
Love me like there's no cares in your tomorrow,
We'll beat it all.

Can't nobody ever replace this love I got for you, babe
I want you to know that you ain't never going nowhere.
I want you to know I love you, I want you.

(Chorus)

I just want to show you all
All my love, come get it, boy.
I just want to show you all
All my love, all my love.

Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of
And I think that I can't get by.
Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of,
You and me, baby, nothing better.

(Verse)

I want you to be my morning sunshine
Wake me up with the sound your radio has
Love me like there's no cares in your tomorrow,
We'll beat it all.

(Bridge)

I'll make you feel anyway, boy, that you wanna
Don't be afraid, cause it's real, baby, I'll show you.
You know I want you, want you, want you, want you,
baby.

Can't nobody ever replace this love I got for you, babe
I want you to know that you ain't never going nowhere.
I want you to know I love you, I want you.

(Chorus)

I just want to show you all
All my love, come get it, boy.
I just want to show you all
All my love, all my love.

Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of
And I think that I can't get by.
Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of,
You and me, baby, nothing better.

(Bridge)

Baby, it's something about your love that's so pure,
If I lose every day, I fall back in love when I see your
face.
And even in the middle of the day I know that I can call
your name
You'll come and you'll catch me, I know.
Don't care what the people say,
You'll still be mine and I'll still be your girl,
Go ahead, keep talking, babe.
I'll be yours till the end of the world,
You don't have to give a care in the world.
You and me, baby, nothing better.

(Chorus)

I just want to show you all
All my love, come get it, boy.
I just want to show you all
All my love, all my love.

Give me, give me, give me all your love,

I know what's good for you.
You're the one that I've been dreaming of
And I think that I can't get by.
Give me, give me, give me all your love,
I know what's good for you.
You're the one that I've been dreaming of,
You and me, baby, nothing better.

Loving you, baby, day and night,
Talk to me, baby, say it right,
Give me everything in this life,
Cause I ain't gonna put up no fight
