[Verse 1:]

Breezy I can't pick Tony's trust no more (no more)
That's when he lost was messing up my flow (my flow)
Steady hand cuffing, fronting and stunting
Was talking love but he wasn't saying nun-in
Cause we together (yes), homie whatever (yeah)
Too young to be locked down now
Take your loss cut them off when I found that out
I couldn't have that, (oh no wasn't for me)
Just wanna lay back (so I can shook it you see)

[Pre-Chorus:]

Um looking for someone who don't bring no stress to
me
I'd love to have some fun that is all that I need
Click, click, click, click, if you really wanna turn me on
Click, click, click, click lay back chill and be free...

[Chorus:]

Okay if you really wanna get with me
Baby this is how we gotta be (lay back lay back chill and
be free)
If you really wanna get with me
Baby this is how we gotta be (lay back lay back chill and
be free)
