ithought ihad it all made ,once upon a time  
iwas in love ,thankful that you wer mine  
there wer times we dissagreed ,so ispoke my mind  
never intended for you to leave ,but you said goodbye  
all you wanted (ooh)  
was a little (ooh)  
space but iwasnt able to give it  
now you want it ,now igot it  
but ithink its too late  
all you needed (all you needed)  
was a little ,time to get yourself together  
but imade you spend it all on me  
and ihope that you see ,im sorry  
im willing to be whatever you want me to be  
cause im your heart isee me ,but your no longer here  
ikno iwasnt fair ,but ive changed and istil care  
iwish that you could wipe my tears but your no longer  
here  
so much has changed ,since that day  
ilost you babe .  
its like the sky ,hid the sun  
just to bring me more rain  
constant memories of us holding hands  
ive concluded once again that imis my man  
[all you wanted  
was a little  
space but iwasnt able to give it  
now you want it ,now igot it  
but ikno its too late  
all you needed  
was a little ,time to get yourself together  
but imade you spend it all on me  
and ihope that you see ,im sorry  
im willing to be whatever you want me to be  
cause in your heart isee me ,but your no longer here  
ikno iwasnt fair ,but ive changed and istil care  
iwish that you could wipe my tears but your no longer  
here x2
