(Verse)

Tell me Iâ€™m the best, baby, stroke my ego
And how you donâ€™t wanna let me go.
All I need to know from you right now

(Pre-Chorus)

Is how bad you can wait to jump up on it, tell me how
you want it,
Everything is good when I give it up, just give it up
before me, for me.
Get on your knees and I ainâ€™t gonna wait too long,
So you better

(Chorus)

Tell the chick something
Tell me I look good,
Tell me that no other chick can do you like I could.
Tell the chick something
Oh, baby, make me understand why you consent to be
like other men.
Tell the chick something.
Donâ€™t have them whack chicks in your phone
You got this hot chick in your home
I better be the only chick that you own.
Tell the chick something.
Donâ€™t have them whack chicks in your phone
You got this hot chick in your home
I better be the only chick that you own.
Tell the chick, tell the chick

(Verse)

Tell me Iâ€™m the best, baby, one more time
And you can get it up your mind
How Iâ€™m the baddest, the meanest, my peach is the
sweetest,
And when you call me and text me and say how you
need me.

(Pre-Chorus)

Cause you be so quick to jump on it, tell me how you
want it

Everything is good when I give it, yeah, I be on it.
On it, Iâ€™m what you need,
And I ainâ€™t gonna wait too long, so you better tell,

(Chorus)

Tell me something
Tell me I look good,
Tell me that no other chick can do you like I could.
Tell the chick something
Oh, baby, make me understand why you consent to be
like other men.
Tell the chick something.
Donâ€™t have them whack chicks in your phone
You got this hot chick in your home
I better be the only chick that you own.
Tell the chick something.
Donâ€™t have them whack chicks in your phone
You got this hot chick in your home
I better be the only chick that you own.
Tell the chick, tell the chick.

(Bridge)

Tell me what youâ€™re on when youâ€™re picking up your
phone
Baby, let me put you on, I better be the only chick that
you own.
Why you ainâ€™t picking up your phone? Boy, when
youâ€™re coming home?
I wanna put you on, I better be the only chick that you
own.

(Pre-Chorus)

Cause you be so quick to jump on it,
Tell me how you want it
Everything is good when I give it, yeah, I be on it.
And I ainâ€™t gonna wait too long so you better

(Chorus)

Tell the chick something
Tell me I look good,
Tell me that no other chick can do you like I could.
Tell the chick something
Oh, baby, make me understand why you consent to be
like other men.
Tell the chick something.
Donâ€™t have them whack chicks in your phone
You got this hot chick in your home
I better be the only chick that you own.
Tell the chick, tell the chick something
