I lost myself today  
All work, no time to play  
I'm holding on to what I know

Then this discovery  
Blindfolded, I could see  
I'm catching on by letting go

And now I'm rising up  
No coming down  
So hang on for the ride

Look how high we can fly  
Look how high we can fly  
We can see everything  
From up here in the sky  
We've got the perfect view  
Together me and you  
Look how high we can fly

Words come so easily  
Hard to believe it's me  
With every breath the feeling grows  
Take time to make time stop  
Unplug, turn off the clock  
The less you try the more it flows

I keep on rising up  
No coming down  
So hang on for the ride

Look how high we can fly  
Look how high we can fly  
We can see everything  
From up here in the sky  
We've got the perfect view

Together me and you  
Look how high we can fly  
Oh yeah  
I don't need to live in a fancy castle (oh no)  
That isn't where I should be  
Open up my heart and where it leads I'll follow  
Up high where I can be free

Look how high we can fly  
Look how high we can fly  
We can see everything  
From up here in the sky

Look how high we can fly  
Look how high we can fly  
We can surf on the wind  
So completely alive  
There's nothing we can't do  
Together me and you  
Look how high we can fly

Look how high we can fly  
Look how high we can fly  
Look how high we can fly  
Look how high we can fly
