With a saucy flow and a trill solo cause they be loving

And I love the way stiletto fits you

Here goes some ones, fives and tens, take these
twenties with you

Just realize that you fuckin' with a million dollar
Mexican, who did his shit

Down in Nicaragua

Girl, you ain't playin'

I love what your booty sayin'

When it's clappin' in my face

Ya-da-da, I'm sayin'

Mexicana

Black, white and oriental

Love to do it, bucked, treck it, while I smoke a leno

Oh, you ain't know

Well, welcome to the doggy show

Stack that bread, stack that feri', stack that federal

[Verse 2: Lil Rob]

I do that rap thing, make that money, we likes to party
and shit

I might throw a little bit at some beautiful chicks to strip

Come here, baby

I like the way you look, the way you shook, your ass on
the stage

You do

Good at what you do, get paid, can't

Help us, (???) this way

You're fucking beautiful, baby

You got that look in your eyes

You telling me lies, I don't care, mija

Open your thighs

Open 'em wide, put your fingers inside

Here's another bill, for another cheap thrill

Her loves can kill, she would've killed me for real

They're out for the money

And they know I gots a little

And I'm out for a good time, even though it costs a little

Fuck it

It's only money, money comes and goes

When you got a little bit of feria, the women come with
no clothes (Feria)

Repeat Break

Repeat Hook Twice
