Watching the night set in  
Tomorrows a brand new day again  
Full of twists and turns you'll never know  
And great surprises

Nothing is black and white  
With so many colours in this life  
Take the brush and paint what's in your dreams  
A perfect picture  
Looking at my reflection  
For the answer to the question

Make a wish tonight  
And see the twinkle in the rain  
There's magic if you close your eyes  
And all you have to do is believe the impossible  
Hold ship on my magic mirror  
Believe in miracles,  
Cause dreamers always dream forever, forever

Possibilities in your hands  
Adventure's waiting in far off lands  
Full of twists and turns you'll never know  
And second chances  
So catch a falling star  
And keep it close hold it in your heart  
And it will shine a light in the dark  
And make things clearer

I'm looking at my reflection  
For the answer to the question

Make a wish tonight  
And see the twinkle in the rain  
There's magic if you close your eyes  
And all you have to do is believe the impossible

Hold ship on my magic mirror  
Believe in miracles,  
Cause dreamers always dream forever, forever

Take a chance coz you can  
And you will see all the possibilities  
If you try, you will find all the treasure in and  
underneath your feet

Make a wish tonight  
And see the twinkle in the rain  
There's magic if you close your eyes  
And all you have to do is believe the impossible  
Hold ship on my magic mirror  
Believe in miracles,  
Cause dreamers always dream forever, forever
