Loop Troop 99' David vs. Goliath

CosM.I.C, Supreme, Promoe, DJ Embee

Check it out! (What?)

Hated by everyone

(There is no way that we can rock after them)

Hated by everyone

[Cos.m.i.c]

Yo all I see is MC's spreading wackness, preaching
slackness

but yo bullshit you couldn't make me doing one track
less

unless you take me out physically

cause mentally you're 2000 years behind with your
phone delivery

actually your cast is like an archeological discovery
from ancient times way beyond known history

I'm CosM.I.C and my troop won't do it your way

we rock live make fire alarms go off from Norway to
broadway

MC's in the hallway stand by

microphone connected network can't you see it's a busy
line yo

I ain't got time to deal with jealousy

cause having that disease inside of me been killing me
plus fans been feeling me from cities to farms

all around this God's forsaken planet we walk upon
bring it on I break you down easy like ?

Cosmic the audio rumble pack in your headphones

Loop Troop hated by everyone

(There is no way that we can rock after them)

Hated by everyone

(There is no way that we can rock after them)

[Supreme]

It ain't no way you can rock after these MC's

no way you make heads bob like these and beats(?)

and please you don't want beef you don't wanna try

even with that extra chromosome I think you know why (Y)

Supremes watch we put some extra work on the make-up
like Sway and Tech we gotta show the makeups we
make suckers wake up
see Im a floorfiller youre a floorkiller for sure
the only way you move the crowd is out the door
the poor flow and off-beat delivery
facing your discjockey constantly mumbling "hey yo
fillin' me?"
not really you're like a playboyflick
it's never get to see no action, we want hardcore shit!
"Loop Troop" that's it! the rest of them sit quiet
David versus Goliath we turn the party to a riot
my crew will occupy the building barricade the doors
once the beat kicks in you'll understand

Loop Troop hated by everyone
(There is no way that we can rock after them)
Hated by everyone
(There is no way that we can rock after them)
Schlook hated by everyone
(There is no way that we can rock after them)

Promoe:
yao Promoe's a problem to the western world like the Y2K
even the president's wife's tooth ay
from sucking on my sugar daddy long dick all night
she wanna take it even I was like "alright"
I turn superstars into superhoses like Scott La Rock
Promoe's an urban legend like Soda and Poprock
I don't cut like a cutler dickheads like Bobby
if you don't bob it Loop Troop shit you can't stop it
you can cop it or copy it either way you gotta have it
listening to our shit has become an alarming habit
of today's youth haha seekers of the truth
no wonder they stumble over this boy group
sent from outer space to make the world better
cause MC's act schizophrenic like the 23rd letter
mission: exterminate every wack rapper backstabber
get more fame and sell more records than ABBA
that's what I'm after and if you go after
me on the microphone you get nothing but laughter
your DJ's cutbacks stinking like butcracks
you got skills I got two words FUCK THAT

Loop Troop hated by everyone
(There is no way that we can rock after them)
Hated by everyone
(There is no way that we can rock after them)

yo a party aint a party if we dont get to rip
a hottie aint a hottie if I dont get to dip
a cypher aint a cypher if I did not spit
man we wont spit shit if the B aint sit(?)
