When I look out side, what do I see?
I see a colorful butterfly flutter right by me.
I get out my net, I catch it after a while, and I bring it
inside, and
called it Giles.
I take a look at its wings, so colorful and cool, and to
keep in my net
would be really cruel.
But I decide to let it go, but it flies out and is eaten by a
crow.
And than his brother comes on it and beats be down for
letting the crow
kill him.
So now I'm bruised and beaten lying in my flannel on
the floor.
And than go to a movie sneak preview, and see the
butterfly going out with
a girl called Lou.
After seeing that film, the only word that comes to
mind is "Eew!"
And I like Lou, and the butterfly is a Jew...so I tell Lou,
and Lou now
hates Jews!
Now I'm with good old Lou, and we went to the movies
to see "I Killed the
Jews".
And than we went back to her house for a party, and we
called our friends,
than we partied until 1:10!
And than I was asleep and I heard a freaky creep. I
looked out the window,
and there was a swarm of BUTTERFLIES and
mosquitoes.
And than I was dead, and I flew up in the sky for miles
and miles, and
eventually I caught up with good ol' Giles.
We went to his cloud home, and we drank coffee and
played pranks on the
phone!
This story was made up, as you can see. You would
have to be a fool if you

ever believed me!
