For 20 days i?ve been lost in cyberspace I surf thru the web
To catch up with your trace
And i wonder - who you really are?

I only caught a hasty screenshot Of your smile You told me all your hotspots You really make me wonder -Do you know who i am?

Breathe me - it?s so exciting I only wanna know if you?re for real

Damn i think i love you
I think i really love you
Cause i believe you?re the one
Who can make it all come true
I think i really love you
Baby i need you
Yeeeh
Let?S set up a blind date tonight
Yeah yeah yeeh
Or i?ll just say goodbye

It?s easy to confess to anonymous victims
But since i got to know you
girl we?re getting deeper - are we going too far?

We talk about the weirdest thoughts
We?ve got in mind
And share the same desire It?s crazy how i found you
Do you know what i mean?
Yeah

Love me - enter my world I only wanna hold you in my arms

Damn i think i love you I think i really love you If you mean what you say you don?t say what you mean ain?t true
I think i really love you
Baby i need you
Whooo
Let?s set up a blind date tonight
Yeeeh
Or i?ll just say goodbye

Yeah

Gently
Drifting
Along with the endless tide

Craving
Crossing
The boundaries where we?ll collide

Damn i think i love you
I think i really love you
If you mean what you say you don?t say what you mean ain?t true
i think i love you
Baby i need you
Let?s set up a blind date tonight
Yeah yeah yeah
