Burning, crushing
A homicidal horde of destroying
I have cued you endlessly
'till you suffer eternally
I bring you do despair
Once you will repent
Burning, impaling
I sought and found you - praying
Your weak god is powerless
In my world of emptiness
You are left alone
I impale you through the bone
I saw the fiery pits of hell
And the torturing of the lost souls
Lost eternally
Lived infernally
All the ended in the dusk
Shattered, wasted land
See you in bloodred tonight
The usurper is scared to death
He has beaten to retreat
Struggle for power
Days are numbered
The stubborn land has to be free
Shattered, wasted land
See you in bloodred tonight
I'm the begotten son of wrath
The one who decides your fate
Not living for the honour but for pain
My revenge is merciless,
You bodies are impaled
And your life is always in my hands
Begotten son of wrath
Like a guiding star
Corpses' avenue
Dropping blood turns to fountain head
Hate is growing strong
Mind is down below
Not weakens until you rest in pain
Begotten son, he's not from the heaven-sent
He is taking your lives like wildfire

Chosen victims, you don't know even when
Look at the heaven's vault
I bet you will never see again
The cosmos, the universe
Closed their gates for my deadly vengeance
