In this corner, representin' BK, NY  
Who, come again , I  
That you can't deny  
For the while I stayed, laid back in the shade  
Just like a silhouette, however still a threat  
Once again, I return just to get my groove on  
Bag somethin' that's a size 7/8 and move on  
It be nothin' but dime girls I sport  
Only time I hit a 3 be on the basketball court  
What you thought, the wrath was about to end  
Nah baby, never that because I'm out to win  
So what if he came back , he ain't even hittin' though  
So why you standin' there with yo' nails bitten low?  
MC's tremblin', I plead innocent  
But then again, things can get menacin'  
Ladies and Gentlemen it's the world renown  
Come on ya'll let's get down, Dark Gable's in town

#### Chorus

Put your hands up high if you testify  
Are you wit' me? (Definitely)  
Cause I give it all I got when I rock the spot  
Are you wit' me? (Definitely)  
Ain't gon' be no looking tight, we gon' party tonight  
Are you wit' me? (Definitely)  
One hundred percent proof, help me raise the roof  
Are you wit' me? (Definitely)

#### Verse 2

It's somethin' 'bout that Kane that I just ain't buying  
How can his rap be solid when his flow is liquefying?  
He keep it on beat, plus he keep it street  
Plus he keep it sweet, I mean his shit be complete  
Thank you love that's right keep it real for me  
As I run it down to you all skillfully  
Because it ain't hard to tell who's the liver one  
Got 'em all shaken like Allen Iverson  
See, you talking now but you ain't sayin nothin'  
I keep you listeners hittin' the rewind button  
You thinkin', maybe I'm the one to bring it to  
But, I don't think that's the wise thing to do

Another casualty with the audacity, thinkin' that he can  
last with me  
Fast to see how I massively, drop skills gradually  
Hold it down like gravity, naturally

Chorus

Verse 3

I come wit' the flows that go down like water  
Some of y'all just ain't got your game in order  
Hmn, looks to me as though you're simpin'  
Playa hata's that's attemptin', to be the grinch that stole  
pimpin'  
I cram to, understand you, what's your angle?  
You don't want to tangle  
Actin' all brand new  
Nothin' that them can do, when I roll up like bamboo  
And dismantle, handle, everyone I ran through  
Baby, you can count on me, a sure thing  
I be all inside your hood, just like a drawstring  
The wack, I restrict 'em, rhymes I kick 'em  
Girls I just stick 'em, whose my next victim?  
Thinkin' you was ballin', now I'm callin

Yo' bluff(Uh huh), sho nuff (Well alright)  
Who you came out to see in the place to be  
The ebony black ice, who that be?  
(Yours truly)

Chorus
