Talk about ever meeting Ms. Right  
But one thing I know is this girl is hype  
Not a crab I see but such a lovely female  
And if looks could kill, she would be in jail  
For raving all over with exotic beauty  
And to captivate her love is my only duty  
There's not a single feature that this girl lacks  
Sweetheart, you're my aphrodisiac

You've got me waiting for you day by day  
Fantasies of you has got me drifting away  
And I know, a love like yours would be so hard to find  
So I'll just keep on waiting for the day you're mine

Now I've talked to young girls and sophisticated ladies  
But I swear my dear, none appear on your level baby  
Maybe, it's just me imagining  
Then again, I probably just haven't been  
With the right female and in detail  
I'll probably never will be, girl if we fail  
Cause every time I appear to be pleased  
You know what happens?  
I just get skeezed

The girl that I admire, one that I desire  
And no one can stop the feelings that you inspire  
The way that you leave me in this obsession  
With the chambers of my heart in your possession  
We were meant to be together, always and forever  
For that engagement, I shall endeavor  
Pray for the day that we combine  
And I can say for sure that you're truly mine  
In benevolence and reverence  
As soon as our relationship commence  
But for now, I wait impatiently  
For the day that you can give your all to me
