[Big Daddy Kane]

Uhh

Like this

It's strictly business baby

Uhh Mr. Cee, now, y'all feel me

The name is Big Daddy you know as in your father

You read the book of Mack and now it's time to meet
the author

Ain't no fallin' on precise the mic

Get the bite words to follow like dice berg and babble

I follow the rules of engagement

That I learned from the school in the basement

When I move on the pavement

Cats don't understand what they facin'

Stay patient, I date ya game like Playstation

You still sorry, represent ya skills poorly

Vigorous pain that you about to feel shortly

Cats I kill softly, gets bless, spills of me

Get more bucks than Milwaukee keep it real for me

I know the vision and the spot in the light

Took a swing at the God, and all you got was a strike

All you haters in the game you get blocked of the light

But you couldn't see the Kane with a binocular mic

Who want it

"Hip-hop icon keep a grip just like a python"

"The name Kane, is superior to anyone"

"Hip-hop icon keep a grip just like a python"

"It means Kane Aziatic Nobody's Equal"

"Hip-hop icon keep a grip just like a python"

"The name Kane, is superior to anyone"

"Hip-hop icon keep a grip just like a python"

"It means Kane Aziatic Nobody's Equal"

[Verse 2: Big Daddy Kane]

The rapgame plex sees a Mary got regular

That's what I take it to, fuck you gon' make it a

Dark skin smooth talkin' hog bitch cruise talkin'

All starts in New York

And my figures I spread apart, check yo game

Cause nigga, my repetoire just don't change

Pimps up, hoes down, breasts up clothes down
Shock with the hustle, when stuff goes down
I'm still peppin', nothing but the ill women
I smash the bust of on they crest like Bill Clinton
You checkin out the claws and I know I'm real temple
But I got the right force to make 'em all feel different
Y'all smokin mad buddha the ak knew that the fast
shooter
With the attitude of a sad cuba
Now you wanna pass through the life of somebody,
please call "9-1-1"
But it won't be for Wyclef you heard!?

My chore is declined cause you crossed the line,

Way out your league, must have lost your mind
You're goin home with the same girl that gettin bed
I slide with instead every night a different head
Get her hot with the spot like it forbid
And get more brain than Zombies in the Living Dead
Make sure profit's more brokes I gets de-sated
Grass my nigga will believe we're still close
Of real most, of your lames just cunnings
That's what you call spittin?
Than shit I'ma vomit
Huh, lyrical veteran best to come into sever
Whenever they come to crumble and measure andt I'm
ahead of them
Listen child lock your fists and cow
You better WATCH yaself like Mister Kyle
