"Emptiness"

The age of the storm has come
And with it the end of man.
The rise of the
Hybrid race
And the crowning of a new darkness.

In darkness we cease to
Exist
As we fall into emptiness.

The winds blow freezing the earth to the
Core,
Nothing can live on in this endless storm.

Can you see the instinct
To kill within my eyes,
The thirst for blood is overwealming.
Man's
Foolishness is sickening.
This is the age of emptiness.

The skys above are
Growing dark,
The age of man has come to an end.

As the fires begin to diminish,
Our blindness has lead to ultimate demise.
In this sunless, eternal winter,
Our power is taken from our hands before our eyes.

As man cowers before the might of their race,
We surrender our freedom and our lives.

Now and forever we cease to exist.
Now and forever we do not exist.

Can you
See the instinct to kill within my eyes,
The thirst for blood is
Overwealming.
Man's foolishness is sickening.

This is the age of
Emptiness.

The great storm is upon us and with it comes the
greatest threat,
Man has ever known. Those too weak to stand up and
fight
Look to the sky with their arms open wide.
Consumed by emptiness in the absense of their
God.

This is the age of the storm.
There will be no survival.
This is the
End of mankind.
There wont be a trace left behind.
