tired of the things i do so bad at but i do
lamest thing about it is i don't know there from you
i come on trying to recapture your attention
i accept the moment you somehow forgot to mention

supreme nothing, oh yeah
supreme nothing, oh yeah

how can you pretend that i have never been your friend
worse thing we could do is not to tell me in the end

supreme nothing, oh yeah
supreme nothing, oh yeah

i got things to say to you but like you really care
you make me into nothing, floating in the air

supreme nothing, oh yeah
supreme nothing, oh yeah
supreme nothing, oh yeah
supreme nothing, oh yeah
