Love don't need no tyranny
Love to bring you down
When I'm older and forgiven
All forgiveness - must be living
Love don't need no tyranny
Want to bring me down
When I'm older and forgiven
All is easy - all forgiven
Can't be forced to stop this living - now
And what about your very second wind
And what about the new beginning
And what about the way you stare
And want it
Way you stare and feel
You want it
Love don't need no tyranny
Love to bring you down
When you're crying - it's not easy
It's not easy to be found
Love don't need no tyranny
Love to bring you down
When I'm laughing - always laughing
Keeping you in, keeping me in
Keeping going
And what about? The all time mover
And what about? The all time shiver
And what about?
I do believe you -when I need you
I must believe you
Love don't need no tyranny
Love to bring you down
When I'm sure - and not so sure
Needs assurance
Taste assurance
Love don't need no tyranny
Love to bring you down
When you're running - always running
Just to keep your face from turning
Always turning
