Everytime you messed with my head
All the things you did and you said
See my scars spell out your name and... you're
paralyzing me.
Everytime you left me behind
All these tears are no longer mine
Because you took it all away and... you're paralyzing
me.

Memories they fall apart whenever you're inside my
head.
Take my tears they say a lot since you're the one who
put them there
When I needed you the most you were, nowhere to be
found.
But I still hung on just hoping for my love to come
around.

Everytime you messed with my head
All the things you did and you said
See my scars spell out your name and... you're
paralyzing me.
Everytime you left me behind
All these tears are no longer mine
Because you took it all away and... you're paralyzing
me.

I miss those times when things were simple and your
heart was mine
I just don't understand how you could through it all
away
When I needed you the most you were, nowhere to be
found.
But I still hold on just hoping for my love to come
around.

Everytime you messed with my head.
All the things you did and you said
See my scars they spell out your name and... you're
paralyzing me.
Everytime you left me behind

All these tears there no longer mine
Because you took it all away and... you're paralyzing
me.

Look up at the sky it's a bird it's a plane
Naw it's just me again cryin in the rain
I can't figure out why I feel so ashamed
You pushed me so hard that I feel so insane
Everytime I cried you didn't wipe my eyes
And when I was scared you weren't by my side
The only thing it did was it made me wild.
So I guess it's all good cause it kept me alive.

When I needed you the most you were, nowhere to be
found
But I still hung on just hoping for my love to come
around

Everytime you messed with my head
All the things you did and you said
See my scars they spell your name and... you're
paralyzing me
Everytime you left me behind
These tears they were no longer mine
Because you took it all away and... you're paralyzing
me
