Remember this, given us  
By someone's set of parents  
I don't recall, I admit  
I don't know just who's to blame  
For relics of our history

To tell the truth, it wasn't bad  
We had to have a reason  
And lack of love wasn't it  
We both know we had a past  
But present must contain  
A future where both of us can fit

So long and sorry, darling  
I was counting to forever  
And never even got to ten  
So long and sorry, darling  
When we found a rip in heaven  
We should have just ascended then

It's funny how you just assume  
You're going to work it out  
Or give it at least a try  
But optimistic feelings can't be  
Passed from hand to hand  
You handle them they tend to die

So long and sorry, darling  
I was counting to forever  
And never even got to ten  
So long and sorry, darling  
When we found a rip in heaven  
We should have just ascended then

Well, better than if I just go away  
Preserving the fiction of  
Indifference now  
Replacing love

So long and sorry, darling  
I was counting to forever  
And never even got to ten

So long and sorry, darling  
When we found a rip in heaven  
We should have just ascended then  
We should have just ascended then  
We should have just ascended then
