### "Striper Friends"

Visit "[Striper Friends](#)" on [MotoLyrics.com](http://MotoLyrics.com)

All my stripper friends  
All my ex-boyfriends  
We all want the same thang  
We all want the same thang  
Parties in the bar, reaching for the stars  
We all want the same thang

Doesn't matter what you need to get you through your  
day  
If you buy it, or just sell it or just give it away  
It's the same at the end of the day

Doesn't matter if you pray or if you stop praying  
Sounds are spinning in your head, and they just won't  
stop playin'  
It's the same at the end of the day

All my stripper friends  
All my ex-boyfriends  
We all want the same thang  
We all want the same thang  
Parties in the bar, reaching for the stars  
We all want the same thang

We all want the same thang

Doesn't matter if they care or if they don't care less  
You got your finger on the trigger of your favorite black  
dress  
It's okay at the end of the day

Doesn't matter if you're open or afraid to fall  
All that matters is that you stay true to who you are  
It's okay at the end of the day

All my stripper friends  
All my ex-boyfriends  
We all want the same thang  
We all want the same thang  
Parties in the bar, reaching for the stars  
We all want the same thang

All my stripper friends  
All my ex-boyfriends  
We all want the same thang  
We all want the same thang  
Books in this small town, balla's all around  
We all want the same thang

We all wanna live, we all wanna learn  
How to love without getting burned  
We want to be loved, are we good enough?  
Yeah yeah

All my stripper friends (you like that? )  
All my ex-boyfriends (yeah)  
We all want the same thang (uh huh)  
We all want the same thang (same thang)  
Parties in the bar(hey), reaching for the stars  
We all want the same thang (we all want the same  
thang)

All my stripper friends (hey)  
All my ex-boyfriends (we all want the same)  
We all want the same thang (we all want the same  
thang)  
We all want the same thang  
Parties in the bar (hey), reaching for the stars  
We all want the same thang
