I was in the void, we were in the dark  
God made the world, and lit a spark  
Gave it life, set it free  
A gift of love, with a heart to dream

Chorus  
You and me were made to shine  
Beyond the stars, beyond the sky  
You and me were made to shine

We're gonna light the world, we're gonna make a spark  
We're gonna spread the love, we're gonna make a  
mark  
We're gonna turn the tide, when you can dare to dream  
We're gonna make a splash honey, for the world to see

Chorus

We were meant for more than this  
With a smile and a kiss  
There's no better time than this  
We were made to shine

Come on and shine  
Come on and shine some sweet love on me  
Come on and shine  
Come on and shine some light on me  
Come on shine honey shine  
Come on won't you shine, shine, shine  
Shine come on and shine some light on me

You and me were made to shine
