

## **Tilly and the Wall "Beat Control"**

Visit "[Beat Control](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Let the beat control you  
Let the beat control you  
Let the beat control you  
Let the beat control you

All these people talking 'bout you now  
They don't make no difference, no  
We always have the rhythm here  
In our blood and in our souls  
So let the beat control you now  
There's nothing here to care about  
Just you and me, let's break it down  
So follow me, I'll show you how

All these people talking 'bout you now  
They don't make no difference, no  
We always have the rhythm here  
In our blood and in our souls  
So let the beat control you now  
There's nothing here to care about  
Just you and me, let's break it down  
So follow me, I'll show you how

The beat  
The beat  
The beat  
The beat  
The beat  
The beat  
The beat  
The beat

Let that beat control your body  
You and me, there's no one watching  
Come on, we can rock this party  
All night long, believe me  
Let that beat control your body  
You and me, there's no one watching  
Come on, we can rock this party  
All night long, believe me

There is nothing stopping you

There is nothing stopping me  
So let that beat control your body, baby

There is nothing stopping you  
There is nothing stopping me  
So let that beat control your body, baby

All these people talking 'bout you now  
They don't make no difference, no  
We always have the rhythm here  
In our blood and in our souls  
So let the beat control you now  
There's nothing here to care about  
Just you and me, let's break it down  
So follow me, I'll show you how

All the people gather round now  
All the people break it down now

There is nothing stopping you  
There is nothing stopping me  
So let that beat control your body, baby

There is nothing stopping you  
There is nothing stopping me  
So let that beat control your body, baby

All the people gather round now (So let that beat  
control your body, baby)  
All the people break it down now (So let that beat  
control your body, baby)

The beat  
The beat  
The beat  
The beat
