## Tilly and the Wall "Static Expressions"

It's enough, by myself, I can't even hold it all together Wanna run, let it out, but the conversation pulls me back
So I'm hanging on, to a pale medium
All the words are wrong
Out the air, coming too fast

I can remember
Through all the clashing voices
Just how it happened
And now it's static expressions
We can not stay this way forever
We can not stay this way forever

Come between, no routine
And the feeling that there's no desire
Wanna run, let it out, how we ever come to stand so
still?
And I'm hanging on, pull the thread, hide the eye
All the words are wrong
Out the air, coming too fast

I can remember
Through all the clashing voices
Just how it happened
And now it's static expressions
We can not stay this way forever
We can not stay this way

I can remember
Through all the clashing voices
Just how it happened
And now it's static expressions
I can remember
Through all the clashing voices
