S-I-N

I would give my life for you
You mean the world to me
Baby, baby, baby, baby
Ooooooooooh !
You know I love you
And I wanna be together we can run away

Uh huh
C'mon
Yeah, yeah

It's NB Ridaz
Same klick new title

Just me and you
Just you and me
Will you run away with me?

The day I wrote these words for you I cried
Could of died that day
A happy and complete man
Cuz in the palm of my hands
Everything I dreamed for and more
And you know that I'm down for yours forever-in life
The reason why I made you my wife
Is because you see me for me
The real me
And love me unconditionally
And even with them circumstances that I had
You still gave me a chance
And that's why
I live and breathe for you and the kids
And you give
Me more then what this thing can ever give me
And now my life is satisfied and complete
Visions all coming true
Yeah, of me and you
Placing rings on each others finger saying I do
You stuck with me through my thick and the thin
To go back and live life all over again

Nah, this is my destiny
It was worth the agony
To get the ecstasy

Chorus:

We can run away and spend some time
I'll always be the one right by your side
Tell the whole world you belong to me
You are my everything
Ooooh
I wanna run away with you

I never ever met a shorty that was quite like you
Even though when even though it was wrong
I felt in love with you
Now we sit here
Not really knowing what to do
But I'm sure that you know
I give the world for you
If I could run away with you
I wouldn't even think twice (Uh-hu)
I promise girl I put it all on the line
I know forever seems to be a long time
But that's what I'm seeing
When I look into your eyes
And it don't matter what your friends might say
Cuz I know deep inside, you feel the same way
You can tell me what you want
But I can read your mind
So quit lying to your-self and put your hand in mine
I get excited every time you come close
And being right here with you is what I love the most
So anytime you're feeling lonely inside
We can run away together, leave this world behind, uh

Chorus

Waking up in the morning and your still not there
Can we run away and escape somewhere
Missing your soft touch
Your lips next to mine
Holding up your hands as you look in my eyes
What must of happen to the love we both felt inside
Emotions were strong
And the feeling was right
Now we don't speak anymore
You went your own way
If that's what loves about
Then I was mislead
Go ahead and take your time
If that's what you need

My love for you is forever
My heart for you bleeds
Things happen for a reason
So I ask myself
Should I be strong?
And wait or move on to someone else
I know you still love me
I can feel it inside
You always kept it real
No games, no lies
If you ever feeling lonely
Fell the need to get away
Call me up I'll be there together we'll runaway (girl)

Chorus
