#### VERSE 1: (OOBIE)

Im seein me on top of you  
doin things that lovers do  
but i don't belong to you  
what's a girl supposed to do  
i only need one night with you  
to make all my dreams come true  
you could never be my man  
you can be my one night stand

#### CHORUS:

Boy i know you got a girl  
and you know i got a man  
so lets both respect the game  
and have a one night stand  
everybody wanna know  
but they wouldn't undestand  
so lets keep it on the low  
and have a one night stand
