I could give my life to you  
if you tell me what you want  
I'll do what you want me to  
if it's really really what you want

With just a word you reach to me  
I will do all that I can  
so much that you can teach me baby  
if you say you'll be my man

smooth and sweet - feel your touch  
can you make this a reality  
smooth and sweet - I want so much

for you to become a part of me

I can move my world right now  
if you tell me what you need  
even turn it up-side down  
if it's really really what you need

Hold out your arms and reach for me  
I will do all that I can  
now that you know I need you baby  
won't you say you're be my man
