Well that girl walks in a stormy bitching whine
Well she moves that cool black dress all across the
floor
Tell your mama to sing out, like a slow burn
Slow burn your motel walls, over me.
Get on top of me woman
Get on top
Let me see what you learned tonight
Then I talk in tongues mama
Oh when I love you
Yes I talk in tongues

Get on top of me woman
Get on top,
Get on top of me woman
I just wanna see what you learned

Well like a bitch dog in heat we had those bed springs
a
Squeakin' all night long
And didn't you hear those walls a talkin'
