Hey, I've been out walking  
Ain't done too much talking these days  
Ah Lord, I sit alone and weep all the time to hesitate  
Ah, now darling don't you cry

I'm just waiting for the sun to shine  
Ain't got no heart to sell you  
Ain't got no time to tell you  
All the answers you came to hear

I just came down from the mountains  
And now you know me when  
I was just a child in your heart  
I been waiting so long to say it

I been losing but I been choosing  
I've been living on borrowed time  
Trying to pay back the debts I owe you  
Ah, but I never show you

Why the river could be a woman  
Why the sky will ever open  
I just want to be here tonight love

I wanna take myself a plane back home  
I got a sweet little woman, oh, but I'm gone now  
And I wonder what my little darling does for love

She's walking all alone and here I'm trying to get back home  
Hey, tell me is there a sadder place to be right now  
Ah, but now I could here those mountains ringing all around me

I feel it won't take too long to get through it and sing a song  
Ah, but I don't know if my love can last, oh no  
You know I just came in on the rail

Ah, damn to keep me another shirt tail  
And I been trying to make it ever since, oh love  
I got a name but mama don't you know I'm ashamed

I been out walking now I ain't been too in much talking  
Oh Lord, my heart's got too much to yield  
Yes, but I bring you in now darling

Remember when I was so strong  
How the liquor and women wore me down  
I'm on my knees begging, oh please

Hear the mountains ringing, hear the birds a singing  
Feel the sun shine on your hands  
Just smell the river flow, well now  
I know my love is growing hear the way the children  
smile

Makes you glad that you been choosing  
Which time you been losing  
Ah, ain't it great being alive
