I was lost without a song without a melody  
You came into my hotel life  
You made my room a home  
Ah now, mama, don't you know what you done

Ah, you made the sunshine in the city  
Oh, you warmed my heart  
You changed an old man filled with pity  
Back to a child again  
Ah now, mama, can't you see what you done

So tell me darlin' if the feeling's wrong  
Don't waste another day  
Lord, the saddest thing I've ever known  
Was to watch it die away  
Ah now, mama, don't you lie don't you lie

Oh, how can my giving find the rhythm and the time of  
you  
Unless you sing your songs to me  
The smell of your sweet skin does entangle my dream  
Oh may I stand here awhile living your smile

Oh, how could you ever know what you've done  
You warmed my heart when I was so all alone  
But all I have to give  
Are my dreams of coming and going forever  
Inside the rivers of time you'll find me waiting  
For you to find peace in your mind  
So we can love again

I feel what you feel,  
If you feel what you feel,  
And I see what you see,  
If you see what you see,  
So it goes on and on  
On it goes, on and on

It's my heart and your heart,  
It's our hearts together,  
You sing and I'll bring,  
We'll both love together,

And all I know is let it grow  
All you'll find is peace of mind.
