I know you're kind
You've been through the mill
Now you're standing in line
Too proud to beg and too tired to cry

About the one that got away
Your first love
Oh, he taught you how to pay
And now you're all alone

You've got your misery
You were not taught so well, sister
That's why you ended up with me

Now that you've found me
Oh, darling please don't tease me
All of my naked years
Are here in front of me

Come here darling, lay down by my side
Lovin' the way you do
Oh, woman won't you tell me
Tell me who, tell me who can deny you

You love and you lose
You're lost in the blue
Your turn again
You've paid your way

But it's under your skin and it'll never let you go
Under your skin so deep, it never really shows
You're all alone but you've got your misery
The sea is raging honey, reaching for you and me

Now that you've found me
Oh, honey please, please don't tease me
All of my naked years
Are here in front of me

Come here, lay down by my side
I'm lovin' the way you do
Oh, tell me, tell me please

Who, who can deny you

Oh, tell me, tell me please

Who, who can deny you

Oh, tell me, tell me please

Who, who can deny you
