Hang on misty mono  
Don't have a lot of tag  
Life is not a drag  
If i drag you down here  
Hail to the moment  
And the things yet to come  
Nothing will go wrong  
If we long for it here.  
Long for it here...  
You gonna keep it that little secret  
If you reveal it  
I will believe it  
We gonna have a wonderful time  
Do you want me  
I tell you now it's allright  
Do you need me allright?  
When little nelly moves closer tonight  
I'll let the guy be my cigarette eye  
Etc...  
Do you need me
