YouÃƒf're on your own
But youÃƒf're not alone
Cause I wanna be where you are.
IÃƒf've cried your name
A million times today
Now I wanna be wherever you are tonight
DonÃƒf't go easy on me now.
I try to see
The simplicity
ThatÃƒf's made out of wooden-log comfort.
But every time
Your run through my mind
I cannot believe the sorrow I feel.
So donÃƒf't go easy on me now
DonÃƒf't go easy on me now.
Surfing the surface
Without no light on
I donÃƒf't wanna be there
When they put the lights on.
I donÃƒf't wanna cry your name
I donÃƒf't wanna be ashamed.

Trust and believe me
And let it all remain...the same
You're on your own
But you're not alone
Cause I wanna be where you are.
To my surprise
I've come to realize
That I'll never be wherever you are tonight
If you go easy on me now
Don't go easy on me now.
Surfing the surface
Without no light on
I don't wanna be there
When they put the lights on.
I don't wanna cry your name
I don't wanna be ashamed.
Trust and believe me
And let it all remain...the same
