You're on your own
But you're not alone
Cause I wanna be where you are
I cry your name
A million times a day
'cause I wanna be wherever you are tonight
Don't go easy on me now
Don't go easy on me now
I try to see, the simplicity
That's made out of wooden-log comfort
But every time, you run through my mind
I cannot believe the sorrow I feel
Don't go easy on me now
Don't go easy on me now
Surfing the surface, without no light on
I don't wanna be there, when they put the lights on
I don't wanna cry your name
I don't wanna be ashamed
Trust and believe me, and let it all remain... the same
You're on your own
But you're not alone
'cause I wanna be where you are
To my surprise
I've come to realize
That I'll never be, wherever you are tonight
If you go easy on me now
Don't go easy on me now
Surfing the surface
Without no light on
I don't wanna be there
When they put the lights on
I don't wanna cry your name
I don't wanna feel ashamed
Trust and believe me
And let it all remain... the same
Surfing the surface
Without no light on
I don't wanna be there
When they put the lights on
I don't wanna cry your name
I don't wanna feel ashamed
Trust and believe me

And let it all remain...
Trust and believe me
And let it all remain... the same
