[Lil' Kim]

Yeah, this goes out, to that dude

Yeah, you know who you are

I love you baby, where do I start?

'Cos words can't explain the love I feel for you, nobody
can't change it

When I was falling you ain't let me hit the pavement

you bright up my life baby, you my Las Vegas

My sunshine on my rainy days (rainy days)

a little love from you take the pain away (pain away)

When I'm feeling stressed out, depressed, without a
doubt

On my worst days, you bring the best out

Even when we break up, that's for the make up

Sex be the best, for days we be laid up

He even cook me breakfast on 'a wake up

I swear it's like a fairytale made-up

Bonnie & Clyde, noone can separate us

And we gon' ride out til' the feds come take us (yeah,
yeah)

My King, I'm his Queen, 1st Lady

Us against the world, just me and my baby

[Alicia Keys]

You & me together, through the days and nights

I don't worry cos' everythings gonna be all right

People keep talking, they can say what they like

But all I know is everything's gonna be all right

No one, no one, no one, can get in the way of what I'm
feeling

No one, no one, no one, can get in the way of what I
feel for you, you, you

Can get in the way of what I feel

I know, some people search the world

To find, something like what we have

I know, people will try, try to divide something so real

So til' the end of time I'm telling you there ain't no one

No one, no one, can get in the way of what I'm feeling

No one, no one, no one, can get in the way of what I
feel for you
